

Attendance Using the Mobile App
For Employees working virtually and outside India.

Employees should download the Darwinbox app from the Google Play Store or from the Apple Store.

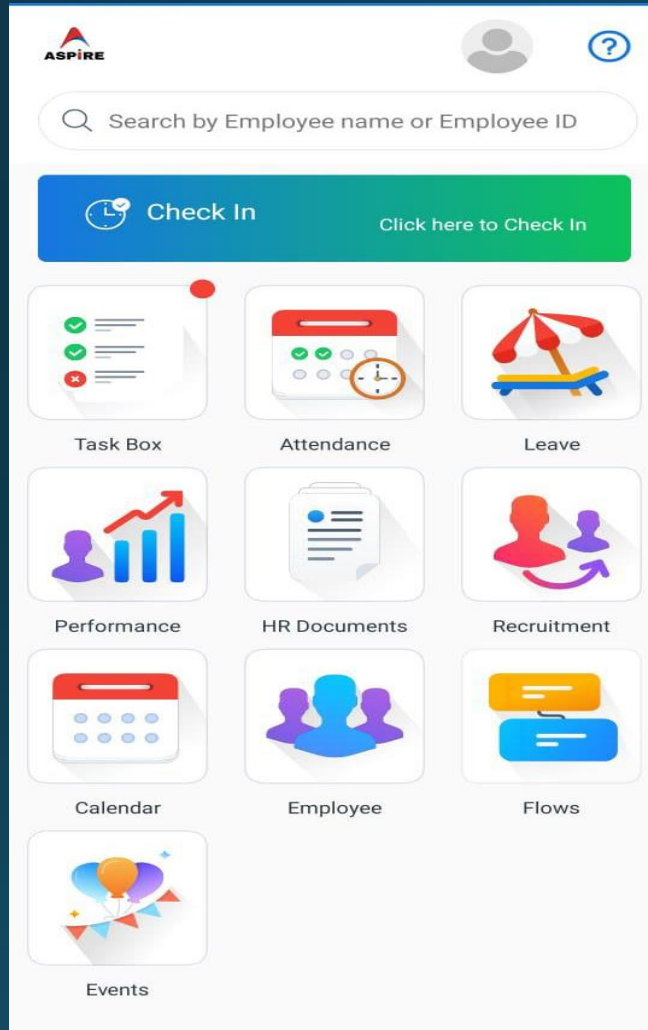

Login by scanning a QR code or by entering the organization's URL

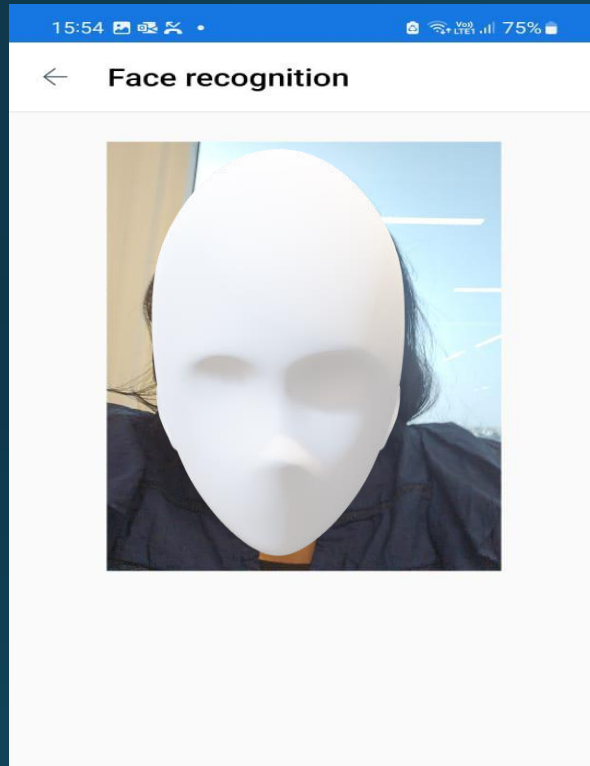

For added security, you have the option to enable Darwin Box Protect, which helps keep your credentials safe by utilizing your current phone lock

Dashboard

To begin your workday, select the
'Check-in' option to clock in

This marks the start time for your shift.

After selecting the 'Check-in' option, the next step involves facial recognition, where the system will recognize your face.

15:53 75%

← Check In

Current Location

5/352, Ambedkar Main Rd, Elango Nagar,
Perungudi, Chennai, Tamil Nadu 600041,
India

Change Location

Done

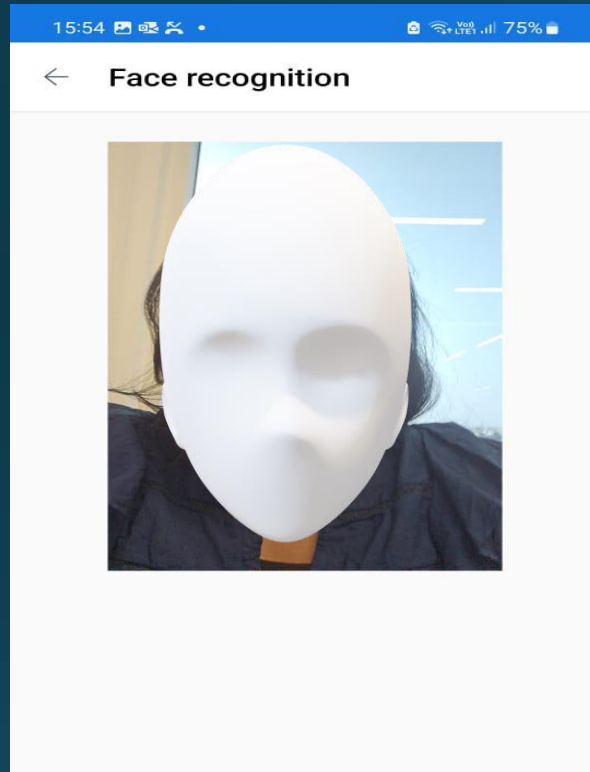

The system will then track the employee's location to verify where they have checked in from.

Click on 'Done'.

To end your workday,
Select the '**Check-out**' option to clock out."
This marks the out time of your shift.

Again **Facial Recognition** will be used for the logout process.
